

Notice of Submission of Environmental Assessment Study Report Eastern Ontario Waste Handling Facility Landfill Expansion Environmental Assessment

GFL Environmental Inc. (formerly Lafleche Environmental Inc.) has completed the environmental assessment (EA) for the Eastern Ontario Waste Handling Facility (EOWHF) Landfill Expansion. As required under section 6.2(1) of the *Environmental Assessment Act* and according to the Terms of Reference approved by the Minister of the Environment and Climate Change on May 11, 2017, GFL Environmental Inc. has submitted its environmental assessment to the Ministry of the Environment and Climate Change for review and approval.

The EOWHF is located within the Township of North Stormont, approximately 5 kilometres north-northwest of the village of Moose Creek, Ontario, and 5 kilometres east of the village of Casselman, Ontario. The location of the Facility is shown on the Key Plan below. The EOWHF Landfill Expansion will increase the disposal capacity of the existing landfill at the EOWHF by approximately 4.2 million cubic metres. The proposed expansion will involve the development of Stage 3B and Stage 4 inside the boundaries of the existing EOWHF. These landfill stages were identified for development in the original approval for the EOWHF.

KEY PLAN

As required under the *Environmental Assessment Act*, the environmental assessment will be available for public review and comment from **June 1, 2018** to **July 20, 2018**, during normal business hours at the following locations:
